

NAXALOY 760

NAXALOY 760 is a high impact Polycarbonate/ABS blend. This material is available in black, natural, and custom colors. It is typically used for automotive interior/exterior covered & painted applications. Please contact us for additional information.

Typical ASTM Properties

Properties

PHYSICAL

	Test Method		S. I. Units
Specific Gravity	D792	1.13	NA
Melt Flow Rate @ 230 °C/3.8kg	D1238	4.0	g/10min

MECHANICAL

Tensile Strength @ Yield	D638	55	MPa
Flexural Modulus	D790	2,200	MPa
Izod Impact, notched 23±2°C	D256	7min	ft-lb/in

THERMAL

Deflection Temperature, unannealed. 264 psi (1.8 MPa), Load	D648	105	°C
